Project Name

Bazaar Ceramics Website Prototype

Project Deliverables

- Does the prototype have information about Bazaar Ceramics?
- Is the company branding present on the website?
- Is there a gallery in the prototype design?
- Does the website provide information on the products and their makers?
- Is there a way for clients to contact Bazaar Ceramics?
- Does the prototype have a catalogue?
- Is the site easy to navigate?
- Is all the required content on site?

By signing this document, you agree that all project deliverables have been met to a quality standard and any further changes will be out of scope of the original contract.
